Education

Vellore Institute of Technology | B.Tech., Computer Science

August 2021 – August 2025

GPA: 8.19/10

FIITJEE Junior College, Kukatpally | Intermediate

April 2020 – March 2021

Percentage: 89%

DLF Public School, Ghaziabad | Matriculation

April 2018 – March 2019

Percentage: 93%

Relevant Coursework

Data Structures & Algorithms

Mobile Application Development

Database Management Systems

Object-Oriented Programming

Internships & Work Experience

Flutter Development

Persist Ventures Pvt. Ltd | May 2024 – July 2024

- Developed a Flutter app serving users with an intuitive UI/UX.
- Participated in regular SCRUM sessions with teams and worked closely with the designing and development of the website.

Projects

Gaia's Touch

- Flutter app connecting NGOs with users.
- Integrated sustainable development goal (SDG) filters. Direct communication and donations to NGOs in your area.

SheSafe

- Campus safety Flutter app with Firebase backend and integrated chatbot for support along with an IoT device.
- Implemented Aadhaar-based gender verification ensuring 100% user authenticity.

CafeFinder

- Personal project built to find the perfect cafe/restaurant according to your specific needs that other sites may not generally mention
- Used NextJS, React, Typescript, TailwindCSS, ShadcnUI.
- Used web Scraping to fetch data from sites like zomato and swiggy for discounts and offers.

Aider Chatbot

- AI chatbot that uses multiple tools and mcps to fetch data from different sources about a stock symbol and gives recommendations to buy or sell.
- Uses DuckDuckGo Search, YFinance, streamlit, Gemini-2.5-flash, Agno
- Chatbot can also be given a SQL database and the AI will query it as a RAG using langchains SQL tools and Groq for LLM inference.

Awards & Achievements

- [Winner, Smart India Hackathon 2023](#) National winner for women's safety app under Govt. Of India.
- [Semi-Finalist, Amdocs Talent Tank](#) Top 10% participant; awarded \$50,000 for outstanding performance.
- [Special Mentions, Google Hackathon](#) Recognized for our innovative approach to solve the given problem.

Skills

- Languages:** Python, Java
- Technologies:** Git, Flutter, MERN Stack, Firebase, NextJS, AWS, Vercel, MySQL
